# TO THE MILITAR

Come misunderstanding has arisen in the public mind on account of the advertisement concerning the military dance to be given in Ogden on January 23rd for the benefit of the Red Cross funds. Some of the published articles state that the money raised at this benefit dance is to be turned over to Rev. John E. Carver, to be disbursed in accordance with directions of the parties arrangins for the affair.
This method would be contrary to

the chapter under which the Cross chapter operates, and which provides in matters of this strictly kind that all funds have to be turned into the Red Cross treasury to be disbursed through the regular chapter committee without any conditions whatever

As practically all of the patrons and patronesses for the event named in the published articles are workers in the Red Cross, it appeared that this rule was being violated. It is stated, however, that the rule will be strictly adhered to and that there is no intention to handle this fund in any manner other than is consistent with the chapter rules. The entire pro-ceeds will be turned over to John Watson, the treasurer of the Ogden chapter, and used for Red Cross relief work.

It goes without saying, of course, tion of it go toward relief of any sol request will undoubtedly be given consideration by those in charge
